

BEDFORD ROW CAPITAL

SUKUK ISSUANCE PLATFORM

World-leading sukuk issuance platform for a wide range of assets including green projects, property and inflation-protecting liquidity management.

INSIGHT INNOVATION INTEGRITY

Portfolio Diversification

Sukuk's issued provide exposure to Bangladesh corporate, SME financing, UK real estate, Australian mining and for liquidity management. New mandates in Kuwait, Green sukuk and more short-dated products demonstrate our success in offering investors wider asset class exposure than available from traditional bank issuers.

Islamic Liquidity Management

In a zero return world, Al Waseelah's Insured Money Market Certificates (IMMC™) provide investors with a positive real return on a fixed date, fixed-rate basis for treasury management. "Keep it short and keep it positive". Established track record providing simple products with attractive short-dated returns from 30-360 days.

Innovation in Sukuk Issuance

Continuous investment in people and technology enhances our market-leading reputation for an efficient issuance process. Sukuk on the blockchain sure, but people make it possible.

Delabellisation

Committed to creating more engagement with conventional investors. The natural overlap between ESG and shariah compliance provides an exciting opportunity for expanding the universe of investors in Islamic finance products.
